Subject	REMINDER: 2025 Great Shakeout Earthquake Drill - TODAY at 10:45 a.m.
Sending Time	8:00 AM

UC Irvine Division of Finance & Administration | With U • For U

UC Irvine
Emergency Management

To the Anteater community:

As a reminder, a campuswide zotALERT text, classroom beacon, and desktop notification will be sent at **10:45 a.m. today** for the Great ShakeOut earthquake drill. Wherever you are, Drop, Cover, and Hold On when you receive the alert:

- **DROP** to the ground (before the earthquake knocks you down).
- Take **COVER** under a sturdy desk, table, or other furniture. If that is not possible, seek cover against an interior wall and protect your head and neck with your arms. Avoid danger spots near windows, hanging objects, mirrors, or tall furniture.
- **HOLD ON** to your shelter and be prepared to move with it until the shaking stops. If you don't have any shelter, cover your head and neck with both arms and hands.

Remember this is NOT an evacuation drill. Please do not leave your building during the drill.

[Sign Up for zotALERTS →](#)

During the Great ShakeOut earthquake drill, the [ZotRadio AM 1690](#) and emergency beacon activation systems will be tested. Emergency light beacons at campus intersections will flash to indicate that the test is in progress. This test is a partnership between UC Irvine Transportation, Police, and Emergency Management. **This is only a test, and no further action is required.**

Sincerely,

Vanessa Flores, CEM
Interim Director of Emergency Management
